

# PARK THE FEE

FREE, SAFE PARKING FOR CAROUSEL STAFF

## Join our campaign for free, safe parking for Carousel staff.

Dear Local Government Candidates,

I live in the Beeloo Ward area in Wilson. I have worked as a shop assistant at Carousel since 1992.

At this election, I will be deciding who I vote for based on whether you support free and safe parking for Carousel staff, shop assistants and small business owners and managers.

In 2018, I didn't have to pay to park at work. **Now, I have to pay at least \$3 per day to park at work.**

On \$21.41 per hour, **that's more than one week of my wages each year.**

I have to drive to work because I'm concerned for my safety when I have early morning or late night work shifts.

I can't claim the parking back on my tax return.

Everything just seems to be going up and up, it's getting tougher and tougher – and now I have to pay \$3 more per day to get to and from work safely.

I know nothing comes for free but Scentre - the owners of Westfield - is making at least \$750,000 from staff parking at Carousel alone each year.

Scentre says it is because of a planning requirement – but that requirement does not exist anymore.

They're making it harder and harder to balance our family budget. It just doesn't seem fair.

**Carousel staff shouldn't have to pay for a bay.**

Do you support free and safe parking for Carousel staff, shop assistants and small business owners and managers?

Thank you,

Margaret Taylor  
Wilson

*My name is Margaret and I work at Carousel.*

*I've written to the Beeloo Ward and Canning Mayoral candidates to ask if they support free and safe parking for Carousel staff.*

*This local government election, I'll be supporting the candidates who support people like me.*
